

Support for the Meraki MR33 has been merged into OpenWrt Master branch.
Therefore daily images can be directly downloaded from:

<https://downloads.openwrt.org/snapshots/targets/ipq40xx/generic/>
<http://downloads.openwrt.org/snapshots/targets/ipq40xx/generic/>

Or built from Source. Visit <https://openwrt.org/docs/guide-developer/source-code/start> for instructions.

If you run into Problems: Please report them through the bug-report website:
<https://bugs.openwrt.org/>

Or visit the forums:
<https://forum.lede-project.org/>
